Recordings and past performances.

Inspired by Antoine de Saint-Exupéry's The Little Prince, I wrote 'The Prince and the Rose' musical. It was performed at 'Teatro Shalom' in Empoli, near Florence in May 1998 for two nights and twice at the library of 'The British Insitute of Florence' in 1999.

The Music of the Stars' (2024) album is a revision of my musical with new songs and re-recordings of all tracks. I wrote a new script as part of a project for future collaboration. A deeper meaning was given to the theme of the child inside. The friendship between the Pilot and the Prince helps the Pilot to find his inner child and see the world with renewed eyes.

In **June 2024** 'The Music of the Stars' concert version was performed at '**Teatro Magma**' in Florence.

'**The Music of the Stars – Deluxe Edition**' (2026) includes 5 new tracks written to enrich the theme of the inner child. They replace dialogue in the script and explore and deepen the emotional connection between the Pilot and the Prince.
